TODAY!

In case you are applying for the Youth Forum fee waiver, you will have until **April 30, 2009**. In case you are not seeking financial support in the form of a fee waiver, the deadline for registering is **May 15, 2009!**

The [Resources](#) section of the YF website aims to help you with the preparation for the Karl Popper Debate Championship. It is also for those who would like to read more about the Mixed Team topic to get a head start for the second part of the event. Lastly it is also for people that are interested in topics like climate change, ways of reducing carbon emissions and those that can't wait to hear about the best ways to address youth violence!

Click on the motions listed there to get to the articles for that particular topic. Every article is labeled with the reading difficulty level and includes a brief summary of the article. Both of these features should help you decide, which article to read. Last of all you can also comment on these articles to ask our trainers for more explanation, their way of interpreting the articles and you can also question their opinions about this.

At least 10 new articles every week! Make use of it!
